

Customers' Aspirations are
Inspirations for us.

ABOUT US:

We are a lean organization managed by technocrats and professionals having solid experience in diversified industries and functional areas like, Manufacturing, Engineering, Sales & Marketing, and Supply Chain & Logistics. This gives us edge to provide the right solution at a right price and within the time frame set by our customers.

At Lusaci International, we bring to you a collective experience of more than 30 years of hard core Engineering consultancy, , Project Management, Maintenance and Operations of Industrial and Commercial plants, equipment and facilities.

Our energetic and motivated team works with our customers and suppliers to provide state of the art solutions for complete range of applications and operations to ensure reliability, comfort and safety in their operations.

VISION:

To be the no 1 preferred, reliable and cost effective solutions provider in the Industry by continuously exceeding customers' expectations and needs for their plant, equipment, spares and consumables.

MISSION:

We aspire to be a single source of solutions for setting up, procurement, operations and maintenance of industrial plant & equipment requirements of our customers in various sectors like Steel, Oil and Gas, Automotive, Construction, Chemical, F o o d, Pharmaceutical, Packaging and Surface Protection industries by building trustable relationship and consistent performance.

OUR COMMITMENT:

We are committed to provide customized solutions to reduce cost & improve quality and productivity of customers operations.

We fulfill above commitment by sourcing & supplying in economic order quantity and constant lead times to our various customers across the globe. We aspire to add value in our customers' operations and build strong and long term relationship for sustainable growth.

We believe in integrity & transparency in information with our suppliers and customers to bring most optimized solutions for specific application and striking a balanced approach for Win-Win situation for all stake holders in complete supply chain.

ACTIVITIES:

CONSULTANCY & ENGINEERING:

We provide specialized technical services for design, engineering, procurement, installation and commissioning of industrial projects, improvement and de-bottlenecking, maintenance projects in industrial plant operations.

Industrial Sectors we serve:

- Steel & Iron Foundries
- Secondary Steel Plants
- Material Handling
- Assembly & Manufacturing
- Oil, Gas & Chemical Processing
- Aluminum Foundry & Extrusion

MATERIAL SUPPLY:

We assist in selection, sourcing and supply of the right materials for your application at right price from genuine quality sources.

Industrial Plants:

- Foundry Plant & equipment
- Steel Rolling Plant & machines
- Dust & Fume Extraction
- Water & Waste Water Treatment Plants

Industrial Equipment & parts:

- Induction Melting & Heating Furnaces
- Foundry Equipment
- Heat Treatment Furnaces & Dryers
- Ladle Pre-heaters
- Aluminum Melting Furnace
- Aluminum Billet Heating Furnace
- Metal Pouring & Transfer Ladles
- Substation Emergency Battery Bank
- Agitation System for Quenching Tanks
- EOT Cranes
- Air Compressors
- Diesel Generators
- Pumps for Chemicals, Water & Sludge
- Construction Equipment
- Workshop Equipment
- Mixers & Agitators
- Valves for Solid & Fluid applications
- Electrical Panels & enclosures
- PLC's & Drives
- Water Storage Tanks
- Pipe & Pipe Fittings
- Steel Castings

Industrial Fabrication:

- Steel Storage Tanks & Silos
- Pre-engineered Building structures
- Structural Fabrication
- Conveyors
- Platforms & Ladders

Industrial Consumables:

- All Grades of Carbon, SS steel Shaft & rods
- PTFE Gaskets, packing, seals, bars & sheets
- Oil & Lubricants
- Steel Shots for shot blasting
- Garnets for Blast Cleaning
- Grinding and Cutting Discs
- Cutting & Heating Torches
- Refractory and Ceramic Lining material
- Welding Electrodes & Flux Cored Wire
- Arc Air Gouging Electrodes
- Metal Cutting Electrodes
- SS, Duplex and Special Welding material
- Hard facing Electrodes
- Mild Steel and S.S. Scrap

SERVICES:

We provide Consultancy, Project Management, Construction, installation, commissioning, maintenance, troubleshooting and performance improvement services for Steel Plant, Foundries and undertake overhauling jobs.

ACCOMPLISHED PROJECTS:

- Maintenance Workshop for Takreer Oil Terminal, Sharjah, UAE
- Aluminum Extrusion Plant Up gradation for ALAKSO, Lebanon
- Waste Water Treatment Plant for Kabul Airbase, Afghanistan
- Steel Foundry for Gulf Valve Specialties Castings, Sharjah, UAE
- Sub-Station Battery backup system supply for Afghanistan
- Cooling Tower supply and Installation at Protech, Abu Dhabi
- Induction Furnaces Installation, trouble shooting and maintenance services across UAE.
- Complete PLC retrofitting and programme development at Al Jaber Foundry, Abu Dhabi
- Continuous Mixer pumping system replacement at AMI foundry, Dubai

VALUED CLIENTS:

- African Barrick Gold, Tanzania
- Al Jaber Group, Abu Dhabi
- Emirates Techno Casting, UAE
- Handy & Harman Ltd, US
- Hoerbiger Middle East, Dubai
- Gulf Oil And Gas LLC, Abu Dhabi
- Petrolcom Oil & Gas Services, Abu Dhabi
- Protech Coatings, Abu Dhabi
- Tulu-Noor Group, Afghanistan
- ALAKSO SAL, Lebanon
- GNJV, Afghanistan
- Ebtakar Road & Building Construction Company, Afghanistan
- Dragon Offshore Industries, Sharjah
- Al Absar Steel, Sharjah
- AIC Steel, RAK
- Quality International, Sharjah
- Three Loins, Saudi Arabia
- SALUMCO, Saudi Arabia
- And many more.

BUSINESS TIE UPS:

Constantly looking and working to increase our network and alliance with the reputed manufactures and supplier of equipment, in order to serve our clients in the fastest and at most affordable cost. In this short period we have made tie ups with following companies:

FOUNDRY EQUIPMENT SINTO OMEGA

ALUMINUM EXTRUSION MACHINES

PTFE & NYLON PRODUCTS

Surpassing Corrosion Barriers

NEXGEN FLUOROPOLYMERS PVT. LTD.

HEAT TREATMENT FURNACES

THERMAL TECH ENGINEERING
Plot No. 80, Thirumudivakkam Main Road
Thirumudivakkam,
Chennai - 600 044
Tamilnadu

GAS CUTTING & HEATING TORCHES

**Mechanische
Werkstätten Wurzen GmbH**
Autogen-Schweiß- und Schneidtechnik
Formen- und Werkzeugbau
